*Now guys hold your horses , get ready to get a chill through your back bone, because you guys will read this wonderful Adventure which is full of suspense .*

## The story begins

*I had arrived 10 minutes before in my school so I decided to go to the library. I went there and took the book which everybody says it is the most boring in the world. I still started reading it but it to me to it was also boring. I read it till page 23. I read every book till page 23 because our librarian is 23 years old and I like her very much. She is my favourite teacher, but at page 23 I found something very odd. There was a photo of a girl with a naughty smirk. I went and asked Mrs Sharma (our librarian) whose photo was this. To my surprise she snatched the photo from me and told "WHY ARE YOU HERE YOU SHOULD BE IN CLASS." she shouted . I was taken aback, she never shouted. I told her "ma'am I came before so I am in the library" and then added "ma'am if you have any problem you can tell me" . She told calmly "No it's time for your class, you better hurry or your teacher will scold you"*

.

*So I went away but, but next day at break time when I was talking to Peter and Susie about the accident last morning she came running towards me . "She told me I want to talk to you privately". I went with her. She told "That photo you saw yesterday what is my grandmother's but she's not in the world now but that was the only photo of her so I kept it very carefully but my grandmother's enemies do not want her to be remembered because she was a very great soul , so last night somebody came into my house and stole*

*the photo form me please help me Jack you're my only hope" her face red with speaking so much. She was gasping . I made her sit down and gave her some water . I told her "Don't worry ma'am I will make it all okay please believe me" she looked into my eyes and said "Yes I believe in you that's why I choose you . I know you can help me" . I was about to say something but then the bell rang and we had to go. I thought about the whole day I could not concentrate on my lessons. I went home. I thought about it hard and then I video called Peter and Susie. I told them about all this and it told me that they will help me , you know I was a very good painter. I made the painting of that photo. I did the same so I showed them the photo .*

*I went to Mrs Sharma's house to find the information about the enemies , and then we went to the forest which was their secret base . Then I watched them . And of course Peters Susie were with me. But just then somebody headed towards the bush we were hiding.*

# The Horror

*We got very scared . And then the man found out that we were here. He told his group that somebody was here . And they went to the bush we were hiding. Then I gave him a punch on the nose. Susie gave him a kick and Peter gave him a punch . And then we fought bravely with them. Last I saw the photo kept on the rock which is about to catch fire .I took that photo and carefully put it into my pocket. Now the most dangerous part comes because we have to get out of the forest from the middle of the forest . There were many wild animals there and it was night time. We were passing by carefully and not to break any twig . Peter stepped on a colourful rope he told us “why people litter the jungle so much . People have started throwing ropes now.” We chuckled. But then I stopped chuckling because the rope was yellow in colour and it had black spots. I understood it was a cheetah. I told my friends to be quiet and they understood also. Now we were very nervous. Just then the cheetah bounced on us . We were quick then we ran at full speed . And We exited the jungle . To our surprise we stopped at Mrs Sharma’s house .I went inside and gave her the photo she was so happy . I loved her happy face. I was happy that I made someone happy.*

The End  
Thank you
